**2011 Annual Fundraising Campaign  
\$12,000 Goal**

Friends and Neighbors,

The Library is *on the move*. Not necessarily to our new building just yet, but to the streets! For many years your Baldwin Library has sponsored programs that bring the resources of the Library to patrons: high school inter-generational book discussions, Head Start story time, Battle of the Books grades 4-8, Books on Wheels (Baldwin Health Center), summer reading picnic, and the theatrical play. This summer we were able to extend our reach via weekly visits to the Baldwin pool and to children at the YMCA. Your continued support allows us to break free of the brick and mortar of the Wallace building and touch people where they live and play.

Looking forward, we want to increase both the outreach to the community and continue planning construction of a new facility. We believe both paths are necessary for the library to continue being a resource for your family and the community. Your contribution can support both of these worthy initiatives.

We serve all ages; this is what we do, and this is why we are asking for your financial support in the form of a one time gift, recurring pledge, or estate contribution.

For less than one dollar per resident we can meet our goal and ensure that the high level of quality programming and resources continue to be available in the face of unpredictable funding.

Thank you in advance for your generous, tax deductible contributions.

*Baldwin Borough Public Library Board of Trustees*

----- Please tear off and return with donation. -----
